

Little Cypress Mauriceville C.I.S.D. Request for Student Use of Personal Devices on District Resources

Student Name: _____

Campus: _____

Grade: _____ Date: _____

E-mail address: _____

Please provide a description, including the manufacturer name, model number of the personal equipment _____

Please provide information stating the need to use personal electronic equipment on LCMCISD networks and with District technology resources and why this cannot be accomplished using District resources. Please state the activity to be done, the class associated with the activity, and the Teacher's name. Please also state the time period you will be using the personal electronic device in the District.

I understand and agree that:

- I understand and agree that the district wireless network is for educational purposes and my personal electronic device will be filtered for Internet access in the same manner as District owned computers on our network.
- The District wireless network is used to provide wireless Internet access and may have limited access to other District network resources.
- I understand that my personal electronic device can only be connected wirelessly to the District network using the designated GUEST network segment. Connection to District wired network resources is prohibited.
- I will adhere to all District policies and procedures including Acceptable Use Policies, the Internet Safety Plan, Technology policies, and all Board policies.
- All software and files on my personal electronic device are licensed for use in compliance with copyright law. I understand this is required at all times when using District networks and resources.
- I have installed the most recent operating system and security updates on my personal electronic device and agree to update regularly.
- I have purchased and installed current antivirus software on my personal laptop or other electronic device (where applicable) and agree to update it regularly.
- I will disable all peer-to-peer (music/video/file-sharing) software or web-hosting services on my personal device while connected to the District wireless network.
- I understand my personal device must run on battery power while on District property.
- I will provide access of my personal electronic equipment to District technical support or campus staff upon request for initial setup and if there are grounds to believe District policies have been violated.
- I will not use personal network devices to bypass the Internet filter on any District network.

- I understand and agree that I will not receive technical support from District staff for my personal equipment beyond connectivity to the wireless network.
- If unauthorized equipment is discovered to be connected to the network, it will be removed immediately by District staff and reported to the Technology Director.
- Once approved by the campus administrator and technology director, student personal electronic devices used in the classroom are permitted only with the teacher's approval.
- I understand the District is not responsible for damage, loss, or theft of the personal electronic device, software, or services.
- The District will not be responsible for financial obligations arising from the unauthorized use of networks.
- Private or confidential District data will not be saved to personal electronic devices.
- The District is not responsible for the accuracy or quality of the information obtained or stored on the network or retrieved via the Internet.
