SUBJECT: Technology Services Available

Little Cypress Mauriceville CISD is committed to providing our students and employees the knowledge and skills necessary for success in today's technology-driven society. We offer a variety of technology resources using the Internet which makes them available from school or home.

One of the resources we offer is Easy Tech, curriculum for technology literacy that integrates technology, 21<sup>st</sup> century skills, and Internet safety into classroom instruction. The Easy Tech curriculum is also aligned to National and State technology standards. Easy Tech is available for students Kindergarten through 8<sup>th</sup> grade. Additional information can be found at:  
<http://www.learning.com/parents>

Atomic Learning provides online software training video tutorials and technology integration resources designed for schools and educational organizations. There are over 50,000 step-by-step tutorials on common software and emerging technology topics such as blogging, Microsoft products, and Internet Safety. Atomic learning is available for students in grades 8 – 12. Additional information can be found at: <http://www.atomiclearning.com>

We invite you to support your child's learning progress as well as becoming an active learner yourself. If you have Internet access at your home, you may use your child's login information or the generic campus accounts. For login information contact your child's campus technology support personnel or email the District technology office at: [lcotechnology@lcmcisid.org](mailto:lcotechnology@lcmcisid.org)
